

***EXPERIENCE IS EVERYTHING AT GLOBAL ECO ASIA PACIFIC 2010!***

Ecotourism Australia presents the eighteenth annual **Global Eco Asia-Pacific Tourism Conference**.

The 2010 Global Eco Conference will be held **25-28 October** at **Noosa, Queensland, Australia** at the newly unveiled Outrigger, Little Hasting Street, Noosa.

Global Eco brings together leading players from across the globe to examine best practice across sustainability, ecotourism and climate change response.

Critical new research, policy and best practice case studies will be presented from a raft of highly dedicated and passionate ecotourism professionals.

The conference unites the full breadth of the industry involved in delivering sustainable tourism and ecotourism.

It provides delegates with an excellent opportunity to examine and debate emerging issues and opportunities, review best practices and collectively take a forward perspective on the industry.
